

## Concrete Hopper

Concrete Hopper - This attachment is a self-dumping hopper that automatically starts to unload whenever bumper release touches the side of a dumpster. As soon as dumping is done, the hopper returns to an upright and locked position. This piece of equipment also comes together with a cable which enables operation from the seat of the forklift so as to have the option of manually dumping the hopper. There is a locking chain provided to lock the hopper to the fork truck. This product is made with consistent and reliable robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish to be able to maintain durability.
