

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each global trade. Transporting industrial goods happens each and every day on our industrious planet. Initially innovated as industrial vehicles during the 1930s in the United States of America, forklifts gained recognition after WWII in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread internationally.

Originally started as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. before becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's very first forklift. Through the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the business. TCM began building forklift manufacturing locations outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With over fifty years of accumulated technology and expertise, TCM has been proudly manufacturing several models of industrial forklifts, making their models recognizable all around the globe. With an energetic and strong workers, TCM has been able to constantly work towards becoming a future leading material handling company.
