

American Lincoln Part

American Lincoln Part - The American Lincoln division is currently connected with the Nilfisk Advance Industrial Group located in Plymouth, MN, USA. They specialize in floor cleaning machinery that are recognized in the industry as durable and strong equipment that suits the needs of larger infrastructure and heavy industry. Products made in the United States of America; the sales are conducted nation- wide via direct Government sales, national accounts, and authorized distributors.

American Lincoln shares the battery operated walk behind model of floor scrubber together with the Clarke Company which is presently also owned by Nilfisk Advance. Their manufacturing operations are based in Springdale Arkansas. These types of scrubbers are accessible in the market under the brand name "Encore". American Lincoln can supply warranty service, machines and parts for these kinds of scrubbers which have both the Encore and Clarke logos.

Distributed in Target and Wal-Mart distribution centers, the 7765 floor scrubber model is the top selling floor scrubber in American Lincoln's line and the 7765 has become a trusted model for various facility supervisors where results and efficiency make a difference. Lately, this floor scrubber model has been utilized by the architects in various construction projects like Lowes Home Improvement Stores and Home Depot's. Flooring contractors use this sweeper scrubber on location because of the model's high standard of quality and utmost performance level for polishing concrete.
